*I*T is again our privilege to join with the Curlers of Canada in carrying on with the Brier Tankard Competition in the Seventeenth Dominion Championship.

Due to the war, three years have elapsed since the last play-off. We are all thankful that 1945 brought to a close that tragic struggle. So now with the co-operation and assistance of the Saskatchewan and Saskatoon Curlers, we are happy in again bringing the "Brier" back into Annual Competition.

Our greatest interest in this event is the opportunity it affords to bring from all parts of the Dominion, representative Curlers who in this national get-together present a great game at its best, and bring with them the good fellowship and friendliness of each Province they represent.

David Stewart

Macdonald Tobacco Company.

SASKATOON is truly the Hub City of the Curling World this week as the eyes and thoughts of every curler turn to the city which plays host to competitors for the Macdonald's Brier Tankard. From the far reaches of the Dominion have come the top-ranking curlers of every province to compete in the renewal of the world's greatest curling classic, a competition which since its inauguration in 1927 has built up a world-wide reputation.

The Macdonald's Brier Tankard is to curling as The Ashes are to cricket, the Davis Cup to tennis, the World Series to baseball and the Stanley Cup to hockey. It has been referred to as curling's "World Series," but such similes are not necessary to enhance the meaning and reputation of the Brier.

This year's competition marks the first Brier renewal since cancellation in 1942 in compliance with government requests for restricted wartime travel. It also creates a precedent, for this is the first time the contest has been staged west of Winnipeg. With the exception of 1940 and 1942, when the Brier was staged in Winnipeg and Quebec City, respectively, all competitions have been held at Toronto.

Rounding out a group of Brier firsts, is the initial appearance of Hon. Thane Campbell, Chief Justice of the Supreme Court of P.E.I., as a Brier Trustee. He replaces the late Col. Peter D. Lyall.

With its return to full pre-war status, the competition has aroused a wave of interest and enthusiasm without precedent in the Dominion. Certainly no Western Canada bonspiel in the history of curling has generated such tremendous public response.

Surveying the current field of contenders, it is found that while "repeaters" are not as numerous as in past years, those present are the possessors of outstanding records.

First on the list is Perry Hall, veteran skip of the Ontario entry, who by appearing in his sixth Brier competition has equalled the record of T. Howard Stewart, the "Thane" of curling. In comparing their records it is interesting to note that both played second stone for their respective rinks in 1930. Hall was with a Toronto rink which copped the Grand Aggregate in the Queen City Bonspiel, while "T. Howard" represented Montreal Granite Curling Association on a rink skipped by Peter D. Lyall, himself a Brier Trustee.

Hall subsequently moved up to become skip of his rink.

Johnny Brower, the only five-time repeater, is the possessor of a unique record. In the 1929 competition he curled for Toronto Granite Club which represented that city; in 1931 he played for the Toronto Granite rink which represented Ontario; in 1938 and '39 he represented Saskatchewan as a member of the Prince Albert Curling Club. This year he again represents Saskatchewan, but as a member of Dalton Henderson's rink from Saskatoon's Nutana Club.

Brower has now equalled the record of Duncan Campbell, a member of the famous "Curling Campbells" from the Hamilton Thistle Club. Curlers will recall that the Campbell rink was tutored by Dr. Bartrum of Dundas, who was so impressed with Western curling technique that he became convinced the east would never wrest the Brier away until a group of young curlers were banded together and coached as a unit. Soundness of his theory and methods was proven in 1935, when the Campbells mounted curling's pinnacle.

Any curler, in glancing through this souvenir of the 1946 Brier, will find material which will start him leafing through memory's book. The foregoing paragraphs have sought merely to pick out a few highlights.

As the Brier draws to its close, there will be additional chapters to write in a book already studded with curling epics. But the final chapter will never change: The BEST rink will win. It always does!

T. C. DOUGLAS
Premier
Province of Saskatchewan

A MESSAGE FROM THE PROVINCE

ON BEHALF of the Province of Saskatchewan may I extend a welcome to the curlers attending the Seventeenth Playdown for Macdonald's Brier Tankard and the Dominion Curling Championship. These are times when all parts of Canada are being drawn closer together, in order to solve our common problems and to shape our common destiny. The happy comradeship engendered by curling has an im-

portant part to play in helping people from all parts of Canada to know each other better and to appreciate each other's worth.

May your competition be an unqualified success!

T. C. DOUGLAS

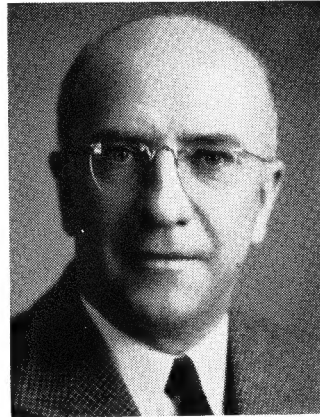

CITY OF SASKATOON'S WELCOME

SELDOM, if ever, have citizens of Saskatoon had the honour and privilege of welcoming more distinguished guests than the elite of the curling fraternity of Canada. In coming to Saskatchewan, curlers are coming to a section of the Dominion where more curling is done per capita than anywhere else in Canada.

In anticipation of Macdonald's Brier Tankard Competition, curling enthusiasm this year reached a record peak. Curling clubs in this City, of which there are four, found themselves in the position where they had to limit their memberships. So you see Saskatoon is in a very suitable frame of mind to welcome curlers, and particularly when such visitors represent the very best among curlers of the other provinces.

We trust that your stay with us will be most pleasant and that you will carry away with you such fond memories of our welcome and hospitality as will prompt you on some future occasion, when you have more time to spend with us, to visit us again.

C. W. KING
President, Special Dominion
Playdowns' Committee

GREETINGS FROM THE PRESIDENT

**Special Dominion Playdowns'
Committee
Saskatoon Curlers' Bonspiel**

I BELIEVE it particularly fitting that the 1946 competition for Macdonald's Brier Tankard, which is regarded as the world's curling classic, is being held in Saskatchewan where the ratio of curlers, in relationship to population, is probably greater than in any other place in the world.

Our eastern visitors will find the new and modern city of Saskatoon in direct contrast to the old, historical and very beautiful city of Quebec. The welcome, however, which I consider a very great privilege to extend to curlers and their friends throughout the Dominion, is none the less the same. I am sure that every curler in this city and in this province will spare no effort to justify the selection of Saskatoon as the setting for the 1946 playdowns for the Dominion Curling Championship.

Large and enthusiastic galleries may be expected to witness these games between the champions of each province of our Dominion who are universally regarded as interprovincial curling ambassadors of goodwill. The hospitality of our city, our province, and our curlers, will be found second to none.

C. W. KING

sweeter than song; there is a
remembrance of the dead, to which
we turn even from the charms of
the living. These we would not
exchange for the song of pleasure
or the bursts of revelry".*

—WASHINGTON IRVING

"RICH"

THE LATE CARLETON SCOTT RICHARDSON

Secretary of Macdonald's Brier Tankard, 1927—Jan. 9th, 1943

Personally acquainted with every competitor in the Dominion Curling Championships from 1927 to 1942, it is little wonder that Canada's great curling fraternity deeply mourns the loss of Carleton Scott Richardson.

Newspaper man, advertising executive, soldier and sportsman, "Rich", as he was known to his friends, led a full and active life during his 50 years.

His Western friend, the late George J. Cameron of Winnipeg, and "Rich", together with Thomas Rennie of Toronto, Senator John T. Haig of Winnipeg and the late Peter D. Lyall of Montreal, are generally acknowledged as the founders of the Dominion Curling Championships for the Macdonald's Brier Tankard. George supplied

(Continued on Page 15)

"PETER"

THE LATE LT.COL. P. D. L. LYALL, O.B.E.

Trustee, Macdonald's Brier Tankard, 1927—May 7th, 1945

Curling in Canada lost one of its finest figures when Colonel Peter Lyall died on May 7, 1945, at the age of sixty-six.

Peter was a man we all knew and respected, and most of all he stood for everything that was best in curling; a game he always contended should be played as the Royal Caledonia Curling Club meant it to be played: "To unite all curlers throughout the world in one brotherhood of the rink."

He played it that way himself, a true sportsman right from the day he threw his first "rock"—a wooden block on the Chateaugay River, near Ormstown, Quebec. From then on he became one of the best known curlers in Canada.

(Continued on Page 15)

"GEORGE"

THE LATE GEORGE J. CAMERON

Director, Macdonald's Brier Tankard, 1927-1945

Another familiar face will be missing from the 1946 Dominion Curling Championship Competition—that of George J. Cameron.

If Quebec was "the cradle of curling in Canada", George may be called the "Father" of the Macdonald's Brier Tankard. His sterling qualities of leadership played an important part in making this competition the greatest sporting event in Canada.

An Ontarian by birth—Oxford County, May 18, 1881—he followed the advice of Horace Greely and went to Winnipeg in 1900, where, in 1903, he joined the staff of W. L. Mackenzie and Company, Limited, of which organization he was President and Managing Director at his death.

(Continued on Page 16)

"FRED"

THE LATE FRED S. LIVINGSTONE

Director, Macdonald's Brier Tankard, 1936-1945

Gazing down from curling's Valhalla when the clans gather for the Dominion Championships this year, will be the quiet, unassuming figure of Fred Livingstone. "This kindly man" was never one of curling's competitive greats, but his lovable nature combined with his genuine interest in the sport and all it stood for, made him a prominent figure.

To say that he will be missed will appear an understatement to all those who shared the warmth of a benign personality, spiced with a puckish sense of humor.

(Continued on Page 17)

The Late
JAMES A. FORREST

There is a cheerful face missing from curling gatherings in Toronto this year, and although it's more than a year since Jimmy Forrest died, his memory is fresh with us. For years to come there'll always be something lacking because he isn't there.

Jimmy died January 4, 1945, thirty-two years after he left Scotland to make Canada his home. In those thirty-two years, he became known to every curler who ever played in a competition in

(Continued on Page 17)

THE LATE CARLETON SCOTT RICHARDSON

(Continued from Page 11)

the idea; "Rich", a great organizer but never one to seek the lime-light himself, "dressed-up" the Brier to make it the most colorful attraction on Canada's sports calendar.

He was Secretary of the Macdonald's Brier Tankard from its inception in 1927 until his demise on January 9th, 1943.

Born at Toronto, December 6th, 1893, the son of Carleton DeWayne and Annie (Scott) Richardson, he was educated in his native city. His newspaper career started as a reporter with the London, Ont., Advertiser. In 1907, he joined the staff of the Saskatoon Phoenix and later was associated with the Duluth News Tribune and the St. Paul Despatch.

The First Great War interrupted his newspaper career. He enlisted in the Canadian Army and attained the rank of Major.

In 1920, he was appointed editor of the Canadian Cigar and Tobacco Journal. Several years later, he became manager of the Consolidated Advertising Service. In 1937 he organized the Richardson-Macdonald Advertising Service and was its President until the time of his death.

"Rich" was active in club circles, being a member of the Granite Club, the Montreal Club and Ontario Club. In the Masonic Order, he was a member of King Solomon Lodge, A.F. & A.M. and the Rameses Shrine Temple.

One of his special hobbies was Brier Farm at Aurora, Ontario, where he bred high class hunter-type horses, which he exhibited frequently at the Royal Winter Fair in Toronto. Under his personal supervision, Brier Farm was one of the Aurora district show places.

His former associates will be forgiven if they feel that "Rich's" spirit is hovering over the scene of the 1946 Dominion Playdowns.

Sportsman and gentleman, there'll never be another like "Rich".

THE LATE LIEUT.-COL. P. D. LYALL, O.B.E.

(Continued from Page 12)

His first club was the Montreal Caledonia, but going to Manitoba in 1905 to build the C.P.R. Station and Royal Alexandra Hotel, he joined the Thistle Curling Club of Winnipeg. He was its President in 1908, and was honored with the Presidency of the Manitoba Curling Association in 1909 and 1910.

He volunteered as a private with the Royal Winnipeg Rifles in the First Great War, went overseas in 1915 and returned after the war as a Lieutenant-Colonel and possessor of several decorations, including the O.B.E. His outstanding work was constructing airfields. For these accomplishments he was named Canada's representative on the Inter-Allied Commission. On return from overseas service he lived in Montreal, and in 1925 and 1926 was President of his first club—the Caledonia. The Manitoba Curling Association made him a life member in 1929.

The Colonel was interested in inter-provincial curling from the beginning, and was a Trustee of the Macdonald's Brier Tankard since

inauguration. He was a Past-President of the Canadian Branch Royal Caledonia Curling Club, and skipped Quebec rinks in Brier competitions in 1927, 1930, 1931 and 1932.

Both a lawn bowler and golfer, he captured the Manitoba Lawn Bowling Championship in 1910 and was President of the St. Charles Country Club in the same year.

We'll miss him.

THE LATE GEORGE J. CAMERON

(Continued from Page 13)

His curling career commenced shortly after his arrival in Winnipeg, to be exact, in 1904, at the old Thistle Club. Later he became a member of the Strathcona Curling Club and then of the Granite Curling Club, of which he was a past president and a life member. He became President of the Manitoba Curling Association in 1928 and was further honoured by that body by being named an Honourary Life Member in 1938. The Saskatchewan Curling Association presented him with a Life Membership at the Dominion Playdowns in Winnipeg in 1940.

Never a competitive curler of note, he was always a friend of the curling fraternity and through his connection with the Brier was known throughout the Dominion as one of Canada's best known figures in curling.

While President of the Manitoba Curling Association, George presented a trophy officially known as the "Travelling Ambassador of Fellowship and Goodwill" with the idea of increasing the number of opportunities for inter-club competition. This competition, which exemplified Geo. Cameron's character more than anything else, eventually completed a chain linking all clubs in his Association in friendly matches and fraternal visits.

In 1925, he arranged for the acceptance of Macdonald's Brier Trophy, now the British Consols Trophy, which eventually laid the foundation for the present Macdonald's Brier Tankard. George saw this competition grow from a so-called city representation in 1927 to a Dominion-wide event in 1936 when every Province and Northern Ontario was included in the roster in the entry list for the Dominion Curling Championship.

He was a Life Member of the Manitoba Rifle Association, founder and Past-President of the Aquatic Club of Lake Winnipeg; a member of the Canadian Club, Carlton Club and Niakwa Country Club. He was a Past-President of the Winnipeg Board of Trade and a National Councillor of the Canadian Chamber of Commerce.

Honours rested lightly on George's shoulders.

A Rotarian and Mason, he was Past-President of the Winnipeg Rotary Club, and Past Master and Life Member of Ionic Lodge, No. 25 A.F. & A.M. and a Shriner.

THE LATE FRED S. LIVINGSTONE

(Continued from Page 14)

Frederick S. Livingstone was born in Toronto in 1883 and in the 62 years following, he labored not only at the tasks which made him a prominent business and sports executive, but an esteemed and honored citizen. He died March 30, 1945, a victim of coronary thrombosis.

Fred's first job was as a traveller in the Maritime provinces, but it was not long before the young drummer met a chance acquaintance in the person of W. H. Moore, who represented the MacKenzie-Mann interests and in due course was installed as traffic manager for the old Metropolitan Railway, an interurban electric line operating on North Yonge Street, Toronto. His ability to make a success of a task about which he knew little or nothing, is an indication of his character.

In recent years he was best known as secretary and manager of the Toronto Thorncliffe race track, whose reputation as the "friendly track" he did much to enhance.

During the course of a varied sports career, he did much to encourage hockey by organizing teams along the line of the Metropolitan Railway, and he was secretary of the old Trolley League where he was associated with Andy Davis of Newmarket.

He was a past president of the Dufferin School Old Boys, Past Master of the Metropolitan Lodge, A.F. & A.M. and president of the Marlboro Hockey Club of Toronto.

He was until 1943 vice-president of the I.C.R.A., in which year he retired to the Board of Directors. In curling his name was linked with the Granite Club and he assisted, in the role of a director, in staging the Macdonald's Brier on many occasions. It was in this capacity that he met hundreds of curlers from all over the Dominion and established his reputation as one of the roarin' game's most ardent supporters.

Fred Livingstone will be missed, but his memory will live on in the hearts and minds of sportsmen everywhere.

THE LATE JAMES A. FORREST

(Continued from Page 14)

Toronto. He was Chairman of the Entertainment Committee of the Ontario Bonspiel for years—a job that fitted him perfectly, because he had that indefinable knack of knowing how to make people feel at home. He was a member of the Toronto Brier Committee from 1938 until his death.

He was a good curler—as any good Scot should be—and a staunch upholder of the principles of the game, as laid down by the Royal Caledonian Curling Club. As a member of the Granite Club, he took part in many bonspiels.

He was well known in other sports, too; a former President of the Thornhill Golf Club and of the Seniors' Golf Association. In business, he was connected with the Packard Motor Company for eighteen years, and later, with Distillers-Seagram Corporation. He belonged to the Board of Trade Club and Progress Club, and was Chairman of the latter's Milk Fund Committee for years.

Canadian curlers owe another debt to Scotland for Jimmy, and his death is a great loss to all of us.

"WHERE WE PLAYED"

SASKATOON ARENA

WHO'S WHO IN 1946

Personal snapshots of the men who are taking part in the Seventeenth Annual Competition for the Macdonald's Brier Tankard

NOVA SCOTIA

(Halifax Curling Club, Halifax)

"DOC" MACINTOSH (Skip)

George Kenneth Macintosh enters the Dominion Curling championships with a distinguished record in his native Province, being the only curler in Nova Scotia to have won the Provincial Junior, Senior and British Consols championships. Born at Hopewell, N.S., in May 1905, the "Doc" started curling at the Halifax Curling Club in 1933 and has been playing with his present rink for two years. He has competed for entry into the Brier on four previous occasions. He is a past president of the Halifax Curling Club, having held office in 1942 and 1943. While attending Dalhousie College, "Doc" was manager of the college's basketball teams, which won both the senior and junior provincial championships, as well as the British Consols Trophy, emblematic of the single rink championship of the Nova Scotia branch, R.C.C.C. By profession he is a Doctor of Dental Surgery and as a member of the Dental Corps served for four years in World War II. Hobbies are sailing and photography.

"JOHN" SNOW (Third)

John A. Snow is probably the first sculling champion to compete in the Brier. Born at Halifax in 1914, he entered curling after establishing a fine record in football, basketball, rowing and hockey. He is a former holder of the Nova Scotia singles rowing championship. He started curling at the Halifax Curling Club in 1937 and has been with his present rink for three years. He has won his Province's British Consols championship three times, competing with the Halifax Curling Club, Mayflower Curling Club and Bluenose Curling Club. During the Second Great War, he served in the Reserve Army. His hobbies are photography and sailing. He is a member of Halifax Gyro and Commercial Clubs. In business, the manager of Snow and Company, Halifax undertakers.

"BIRNIE" CLEVELAND (Second)

Honored with the award of Officer of the British Empire and Mentioned in Despatches while serving for four years as a wing commander in the R.C.A.F., Wallace Bernard Cleveland is making his first appearance in the Dominion Curling championships. Born at Chester, N.S., March 5, 1905, rejoined the Halifax Curling Club in 1938. This is his first year with his present rink. Birnie played baseball and hockey in his younger days and is now interested in golf. He is a salesman for the Canada Paint Company, Limited, at Halifax.

"HAL" WILLIAMS (Lead)

Harold Arthur Williams is a native Scotian. He was born at Halifax, March 3, 1909, and started his curling career at the Mayflower Curling Club in 1942. He joined the Halifax Club in 1943 and the following year won the Nova Scotia British Consols Trophy. He repeated in 1945 and again this year. He has competed in Nova Scotia football, basketball, hockey, tennis and swimming but has now forsaken these sports for golf. His favorite summer sport is golf. His special hobby is photography. He served in the Reserve Army during the war and is a member of the Y.M.C.A. Men's Club. Employed by the Travellers Insurance Company at Halifax.

PRINCE EDWARD ISLAND

(Charlottetown Curling Club, Charlottetown)

"FRANK" HANSEN (Skip)

Making his first appearance in the Prince Edward Island British Consols competition in 1943, Frank Jens Hansen clicked for a berth in the Dominion playdowns in 1946. Born in Denmark, January 4, 1907, he started curling at Charlottetown in 1939. His father-in-law, Rankine "Mac" McLaine skipped the P.E.I. entry in 1938, 1939 and 1940. Frank was one of the Island's top-ranking tennis players and won the provincial singles championship in 1936. While a resident of Manitoba, he was pitcher for the Lac du Bonnet baseball club. He is a member of the Charlottetown Junior Chamber of Commerce and is a salesman for F. R. McLaine, Plymouth and Chrysler car dealers.

WALTER PICKARD (Third)

Walter White Pickard is a native Islander. He was born at Charlottetown, February 7, 1918 and, at the age of 21, started curling with the Charlottetown Curling Club. This is his first appearance in the Dominion playdowns. He is returning to the roarin' game after three years' service with the R.C.A.F.

Outside of curling, hunting is his favorite pastime. He is assistant manager of A. Pickard and Company, coal dealers.

"DIFFY" COX (Second)

After competing for four years on losing rinks, Frank Stewart Cox hit the Brier this winter. Another native Islander, he was born at Charlottetown in September, 1906, and started curling in his home city in 1938. He has been with the same club ever since. Interested in hockey and baseball in his younger days, he was a member of the team which won the Maritime hockey

championship in 1925. Fishing is his favorite summer pastime. "Diffy" is employed by the Maritime Electric Company, Limited.

"WES" WHITLOCK (Lead)

Caleb Whitlock was born at Charlottetown on January 20, 1893, and started curling in his native city in 1944. This year marks his first appearance in the P.E.I. British Consols competition and the Brier playdowns. Wes played hockey for many years with Island teams and is now particularly interested in fishing and hunting. He is a member of the Masonic Order and is a department manager with Prowse Bros. Limited.

NEW BRUNSWICK

(St. Andrew's Curling Club, Saint John)

"FEN" McKELVEY (Skip)

While there have been many "skippers" in the Brier playdowns, Fenwick Murray McKelvey is the first harbor pilot to appear in the Dominion curling championships. "Fen" was born at St. John, N.B., November 19, 1895, and started curling with the St. John St. Andrew's Curling Club in 1923. He has competed in the New Brunswick playdowns for the Ganong Trophy, emblematic of the Province's single rink championship on eight previous occasions without success. He has won several inter-club competitions and the Kent Trophy in provincial competition. As a youth, "Fen" played baseball, now his favorite summer pastime is fishing. He is a member of the St. John No. 2 Masonic Lodge and the United Church.

"HEN" HOLLIES (Third)

Birmingham, England, is represented in the 1946 Dominion playdowns by Henry Hollies, who was born there on May 19, 1904. He joined the St. John Thistle Curling Club in 1937 and has won numerous New Brunswick trophies. He joined his present club in 1939 and has competed once before for a berth in the Brier. He came to curling with a sport background including football, track, tennis and golf and was a member of the Eastern Canada championship basketball team in 1932. He plays golf at the St. John Riverside Golf Club and during the war years was a member of the 2nd Battalion Fusiliers Reserve. In business, he's sales manager of the Lawson Motors. "Hen" is a past master Portland No. 10 Luxor Temple (Shrine) Scottish Rite and a director of the Y.M.C.A.

"EV" MacLEAN (Second)

Everett Douglas MacLean was born at Windsor, N.S., on October 4, 1895, and started curling with the Truro Curling Club in 1931 and joined his present club in 1938. The following two years saw him playing on his club's intermediate championship rink. He has competed once before for a berth in the Brier. "Ev" is interested in baseball, football, volley ball, golf and hockey. In business, he's manager of Superline Oils, Limited.

"FREDDIE" MAYES (Lead)

Three years' curling experience was all that Frederick Leonard Mayes required to qualify for the Dominion Curling Championship. Born at St. John, N.B., on October 13, 1897 and joined the St. John St. Andrew's Curling Club in 1943. He competed once before for the Ganong Trophy and place in the Brier playdowns. "Freddie" won the St. John City singles tennis title in 1930 and played tennis, hockey, baseball and badminton in his home city. His favorite hobby is collecting stamps, old coins, old fire arms and antiques. A veteran of the First Great War, he served with the 7th Fusilier Company, R.C.E., from 1914 to 1918 and was wounded in France. During the Second Great War, he was with the R.C.A.S.C. Reserve. He is an insurance agent and antique dealer.

QUEBEC

(St. George Curling Club, Montreal)

"TED" THOMPSON (Skip)

A big "brath av a man" is Wensley Edward Thompson a native of the Ould Sod who was born March 22, 1897, an' in County Down too, bejabers. A veteran of World War One, "Ted" did his first curling in western Canada following his return to this country. Returning to Eastern Canada, he joined the Quebec Curling Club in 1931 and played third rock with the Quebec Brier entry in 1939 at Toronto. A business transfer took him to Montreal in 1940, where he became a member of the St. George C.C. Fellow members took recognition of his organizing ability in 1944, when they elected him president, an office he still holds. He is in addition vice-president of the Canadian Branch of the Royal Caledonia Curling Club. Now provincial manager for Willard's Chocolates, "Ted" has a diversified sports background, which includes baseball in the old Earls court days in Toronto and football with Ottawa Roughriders.

"KEN" GEBBIE (Third)

On eight separate occasions, Kenneth Wright Gebbie has aimed for a spot on a rink which would represent the old Province of Quebec in a Brier final. Persistence finally won out. Born at Howick, P.Q., March 8, 1912, Kenneth made his curling debut as a member of his father's rink. In 1937 he joined the Ormstown Club and curled with the famed "McGerrigles" on several different occasions. A fairly consistent competitor at the Quebec International Bonspiel, he has been a member of rinks which have copped the Quebec City Trophy and the Price Shield. Noted for his heavy artillery, he is Thompson's "Atomic Bomb". Business finds him with the Finance Department of the Dominion Government.

"BEN" FERGUSON (Second)

There never was a "Pat" without a "Mike" not far away, and Benjamin Hugh Ferguson forms the second part of the Irish combination on "Ted" Thompson's rink. Born May 8, 1897, at

Limavady in Northern Ireland, he swept his first rock as a member of the Toronto Granite Club in 1933. Transferred to Montreal in 1944, he affiliated with the St. George Club and has curled with his present rink one season. An all-around athlete in his younger days, "Ben" played hockey, rugby, and soccer with a little paddling for good measure. Today he confines his activities to curling and golf, playing the latter sport as a member of the Kanawaki Golf Club of Montreal. He has a social affiliation with the Royal Montreal Curling Club. When World War I broke out he enlisted with the 10th Siege Battery, C.A., serving four years. He is vice-president of the Holden Company, Limited, Montreal, manufacturers of railway supplies.

"JIMMIE" PATON (Lead)

As "Jimmie" once remarked: "I never saw two Irishmen yet who didn't need a Scotsman to lead them." And James M. Paton is as Scottish as they come. Born in Edinburgh, February 5, 1899, he came to Canada many years ago, but still retains the burr of his native tongue. He is comparatively new to curling, joining the ranks of the "brithers" in 1941 when he became a member of his present club, Montreal St. George. Prior to his win as a member of the Quebec Consols' rink, he was with "Ted" Thompson in 1942 when the quartet captured the Quebec Cup at Quebec City. In everyday life he is a professional golfer and holds the club record on his home course, the famous Seigneury Club at Montebello, P.Q. He cracked the old mark when he toured the tricky layout in 65. Famous as a golf teacher and greenskeeper, "Jimmie" is honorary secretary-treasurer of the Canadian P.G.A. He is the third member of the rink who is a veteran of World War I, serving with the R.E. Signals in the Imperial Army from 1917 to 1920. He is married and as you might suspect, to a Scottish Presbyterian. A likeable laddie you'll find.

ONTARIO

(Granite Curling Club, Kitchener)

"PERRY" HALL (Skip)

Sequences and multiples of three appear throughout Perry's record in the Brier and the British Consols. He is making his sixth appearance in the Dominion Curling Championships. He played first in 1930, throwing second stone for his brother R. G. Hall, who represented Toronto that year. His first sequence of three started in 1938. He won the British Consols and competed in the Dominion playdowns. Repeating the next year with the same rink, he took top honors in his Province and went on to win Dominion honors. The same Kitchener four repeated in 1940, thus duplicating the Campbell brothers' record of 1933, 1934 and 1935.

Perry skipped his own entry in 1941, and, in order to qualify, defeated brother Bert in a 13-end game. He finished second to "Howie" Palmer of Calgary that year, when the other members of his rink were Jack Lucas, Art Lehnman, and Bill Henderson.

He continued in 1944 when with Bert as third, Art second and Bill leading, he won Ontario honors for three consecutive years.

Perry has an outstanding record in Ontario curling. He has won Grand Aggregate Honors at Toronto and the Association's Silver Tankard for Ontario's double rink championship.

Born at Plattsville, April 15, 1893, Perry came from a curling family and started his career at Plattsville. He joined the Granite Curling Club of Kitchener in 1929. He is a veteran of World War I, having served with the 21st Battalion from 1915 to 1919. Lawn bowling is his favorite summer pastime. He is a member of McKie and Hall Bros., Chevrolet and Oldsmobile dealers in Kitchener.

"KELLY" HALL (Third)

Bert C. Hall, the younger of Kitchener's famous curling brothers, is making his fourth appearance in the Brier with a record entwined with that of his brother Perry. Bert was the "skipper" of the Hall rink in its first sequence—1938 to 1940—which included British Consols honours and the Dominion Championship in 1939. Bert dropped back to third when the present rink was formed in 1944 and went on to another three-year combination of victories for provincial championships. Kelly was born at Plattsville, February 9, 1903, and, like his brother, threw his first curling stone at the Plattsville Club. He joined the Granite Curling Club of Kitchener in 1928 and is a past-president of the club. He is an ardent fly fisherman and hunter besides being a trapshooter of no mean ability. Like his brother Perry, he is a member of McKie and Hall Bros., automobile dealers of Kitchener.

"ART" LEHNAN (Second)

Only Kitchener-born player of Ontario's entry, Arthur Lehnman is no stranger to Brier competition. Art first appeared in the Brier records in 1937 when he played second stone for "Bert" Dunker. He returned again in 1941, this time playing second for Perry Hall, when the Ontario champions finished second to "Howie" Palmer's Calgary four. His name appears on Ontario Tankard banners of 1937, 1940 and 1943, and in 1945 he assisted the Hall boys in winning the Birks-Ellis-Ryrie Trophy in the Ontario Bonspiel at Toronto.

Born January 2, 1900, Art joined the Granite Curling Club of Kitchener in 1930 and has served the club as president. He is a Mason and Rotarian. He is a member of Kitchener Lodge, No. 509, A.F. & A.M., and is a former secretary of Kitchener Rotary Club. Baseball was his early love and for three years he guided the destinies of the Kitchener Amateur Baseball Club as President. He is a devotee of the other famous Scottish sport, golf. In business, he is a director and manager of Dowler's Ltd., Western Ontario's only chain of men's furnishings stores.

"WILLIE" HENDERSON (Lead)

William Henderson is an Aberdonian by birth, where he was born October 19, 1903. He is one of the two Scottish-born curlers in the 1946 Playdowns. He started his curling at Waterloo in 1932 and joined the Granite Curling Club of Kitchener in 1936. He's been curling with the Hall

brothers for years and shares honors with them in their victories in the British Consols Trophy, Ontario Silver Tankard and Toronto Bonspiel events. He played in his first Brier in 1941 at Toronto. He replaced "Cammie" Seagram as lead in the second of the Hall brothers' three-year sequences of victories. "Willie's" favorite summer sport is lawn bowling and he has victories to his credit in Kitchener and Western Ontario tournaments. He is manager of William Henderson and Sons, Kitchener's leading bakers.

NORTHERN ONTARIO (Kirkland Curling Club, Kirkland)

"TOM" RAMSAY (Skip)

Tom Ramsay made his first appearance in the Brier in 1933 playing second rock for Jerry Abrams, so that Brier competition will be nothing new. He was born in North Ashton, Lancashire, England, and started his curling career in Kirkland Lake in 1931. He has consistently played and won in all of the Temiskaming and Northern Ontario Bonspiels. His best year was probably in 1933 when he landed the Grand Aggregate, which entitled him as a member of the Abrams rink to enter the Northern Ontario playoffs for Brier representation. In the off-season Tom devotes considerable time to soccer and has been on teams that won Northern Ontario championships. He is a five pin bowler, plays a spot of golf, and when the opportunity offers, does a bit of sailing. He is in the employ of the Lake Shore Mines in the capacity of a mine shift boss, served his curling club as president last season, and is a Mason, a member of Kirkland Lake Lodge A F & A M, No. 623.

"WALLY" SPENCER (Third)

Walter Henry Spencer, Kirkland Lake cigar and tobacco dealer, is making his first appearance in the Dominion Curling Championships. Born at London, Ontario, February 9, 1904, Wally took up curling for the first time at the Kirkland Lake Club in 1941 and joined his present rink this season, when it immediately qualified to enter the Brier. During the war years, he was interested in the Air Cadet movement and served as a Flying Officer for three and a half years. Interested in service club work, he has been secretary of the Kirkland Lake Kiwanis Club for three years and a director of the club for six. He played some baseball in his younger days but now his principal hobbies are fishing, hunting and music (piano).

"STUBBY" COUGHLIN (Second)

Mahlon Gray Coughlin has the honor of being the first New Englander to compete in the Brier. He was born at Madison, Maine, November 17, 1889, and threw his first curling stone at the Loughheed, Alberta, Curling Club, later transferring to Kirkland Lake in 1934. This is his first season with the Ramsay rink but in 1945 he was a member of the rink which won the Scotch Anthracite Trophy at the T & N O Bonspiel. He took up golf after playing baseball, hockey and five pin bowling. His favorite summer sport is trout fishing. "Stubby", a member of the Loughheed Masonic Lodge, is accountant for the Tech Motor Sales at Kirkland Lake.

"PAT" COLQUHOUN (Lead)

Hugh Colquhoun is another "hard rock miner". He was born at Mitchell, Ontario, August 10, 1908, and took up curling for the first time at the Kirkland Lake Curling Club in 1943. Two years later found him on the rink which won the Grand Aggregate at the T & N O Bonspiel and the Hill-Clark Francis Trophy. This is his first appearance in the Dominion Playdowns. "Pat" has played considerable hockey with Kirkland Lake teams and finds hunting and fishing his favorite off-season hobbies. He is employed as a mill man at the Lake Shore Gold Mines.

MANITOBA (Strathcona Curling Club, Winnipeg)

"LEO" JOHNSON (Skip)

Winner of the Brier Tankard in 1934, Leo Einar Johnson returns to the Canadian championship scene with a rink guaranteed to uphold the prestige of a long line of tough Manitoba contenders. Leo's brother, Lincoln, was playing 2nd on the title team of 1934 and "Link" will be in the same slot when the Winnipeg rink hits the trail this year. Leo is a native Winnipegger, born Oct. 6, 1901. He hefted his first rock at the age of 19, playing as a member of the Deer Lodge Club, later joining Winnipeg Strathcona Club. A dapper figure on the ice, Johnson has many curling achievements to his credit. His name is twice entered as Grand Aggregate winner of the great Winnipeg Bonspiel, 1936 and 1941. Since inception of the Brier in 1927, he has participated in every provincial competition leading to a berth in the Brier. Baseball is included in the list of Johnson sporting accomplishments and he was a member of the Columbus Club nine which captured the Winnipeg senior ball title in 1922. He is at the moment president of the Southwood Country Club. A married man, he is the father of two fine sons, Leo Jr., and Lincoln. A fine curler and a gentleman.

HARRY WEREMY (Third)

All the way from Sokal, Poland, came Harry Weremy to play third for the latest edition of Leo Johnson's rink. Born October 11, 1898, Harry removed to Canada at a tender age. He tossed his first rock as a member of the Elmwood Curling Club of Winnipeg. That was in 1919 and Harry has been hard at it ever since. During the course of the years he has been a member of rinks which have copped several important trophies at the Winnipeg 'spiel but this is his first appearance in Brier competition. An enthusiastic Ten-pin bowler, he has taken an active interest in the Winnipeg Commercial League and was a member of the Brown and Rutherford team which came down in front in 1928 and '29. Employed by the lumber firm of Brown and

Rutherford, Harry finds time to play golf from the south-paw side of the tee. He is a past president of the Assiniboine Golf Club.

"LINK" JOHNSON (Second)

For more than 20 years Lincoln G. Johnson has been playing on rinks skipped by his brother Leo. Which explains in some measure the great teamwork displayed by Johnson-skipped rinks. Link's career naturally runs almost parallel to that of his brother. Born in Winnipeg, January 29, 1899, "Link" tossed his first stone as a member of the Deer Lodge Club of St. James, Manitoba. That was just 26 years ago. He later joined the Strathcona Curling Club and was a president in 1914. Winner of many Manitoba curling honors, top spot in his career came when he played 2nd rock on Brother Leo's Brier-winning rink of 1934. "Link's" sporting honors are not limited to curling, for the record book shows that he has played on championship hockey and baseball clubs. A member of the Winnipeg Real Estate Board and of the Appraisal Institute of Canada.

"BILL" McKNIGHT (Lead)

No newcomer to top-flight curling is William D. McKnight. Born at Glenboro, Man., on December 9, 1895, he started his besom an' stone career at the tender age of three with a set of wooden blocks serving as rocks. "Bill" has been tossing them up there ever since. Along with Leo and Link Johnson, he has tasted the heady wine of Brier victory, playing 2nd in 1958 on a rink at Toronto which Ab Gowanlock piloted to the pinnacle of curling achievement. McKnight played on his first senior rink in 1912 when he was 17 and has been a member of rinks which have captured practically every major trophy on the shelves of the Manitoba Curling Association. A past president of the Glenboro Curling Club, he also has taken a great interest in hockey in the district. Golf, baseball and tennis are included on his sports calendar, but curling is still his "first love". He is a member of T. Eaton Company, Limited.

SASKATCHEWAN
(Nutana Curling Club, Saskatoon)

"DALT" HENDERSON (Skip)

David Dalton Henderson is a firm believer in Red Dutton's motto "Keep plugging". Dalt's been trying for a Brier berth ever since he joined the Saskatoon Nutana Curling Club 12 years ago but didn't make the grade until this year. He came close in 1937 while playing third for the late C.B. "Little Charlie" Anderson's Nutana rink. They won the Northern Saskatchewan Consols but lost to R. J. Smith, Moose Jaw, in the Provincial final. In the other years, he was in the "also ran" class. Born at Carnduff, Sask., February 7, 1900, he was well known in baseball and hockey circles at Melville, where he worked before being transferred to Saskatoon. He played defence, partnered by the one and only Eddie Shore, when Melville Millionaires won the provincial senior hockey championship in 1922 and played either first or third base for Melville and Saskatoon baseball clubs for 20 years. He's won curling trophies at Carnduff, Prince Albert, Elm Hill and Saskatoon. His hobbies are golf, bowling, horse back riding, hunting and gardening. He's employed by the Canadian National Railways.

"JACK" BROWER (Third)

Here's that man John Martin Brower back in the Brier records again after an absence of seven years. Of course, you'll remember Jack played third for his brother, the late E. H. Brower, when they represented Toronto Granite in the 1928 Brier and again in 1929 when the same skip was Ontario's representative in the Dominion playdowns. His name didn't appear in the Brier records again until 1938 when he started another "double" by playing third for Dr. M. I. Humphries' Prince Albert rink when it trekked to Toronto. He returned again the following year with another Prince Albert rink skipped by Georgie Dunbar. Born at Brandon, Man., October 29, 1897, Jack's the only Saskatchewan-trained curler on the 1946 Saskatchewan entry. He started his curling in Saskatoon in 1911 and scored his first important victory in the Saskatoon bonspiel in 1917. Since then he's picked up considerable jewelry at Northern Saskatchewan bonspiels. He joined the Nutana Curling Club this year. He's employed by the Massey-Harris Company Limited and the Imperial Oil Company.

"SKINNY" ANNABLE (Second)

Clifford Weston Annable is the baby of the Saskatchewan rink. He was born at Asquith, Sask., August 4, 1915, and started curling there in 1926. He's been trying to land a berth in the Brier for nine years, having competed with Asquith, Saskatoon, and Weyburn rinks in the Northern Saskatchewan British Consols Playdowns for nine years. He's been with his present skip for seven winters. He was a member of Saskatoon Wesley midgets when they won the Saskatchewan hockey title in 1930 and later played with sextets at North Battleford and Rosetown. Employed by the Massey-Harris Company, Limited.

"MONTY" BURNS (Lead)

Montague Vincent Burns is the only non-Westerner on the Saskatchewan rink. Monty was born at Bathurst, N.B., July 31, 1896, and started curling when 12 years old at his home city. He joined the Nutana Curling Club in 1940 and in 1943 made his first appearance in the British Consols competition. He has won a number of prizes at Northern Saskatchewan bonspiels and has souvenirs to show for his efforts on the baseball diamond with Saskatchewan and Manitoba teams. Golf is another of his sport interests. He served for two years in the First Great War with the Royal Army Medical Corps. Monty is Saskatoon manager of the Massey-Harris Company Limited.

ALBERTA
(Sedgewick Curling Club, Sedgewick)

"BILLY" ROSE (Skip)

It's 10 years since William Warren Rose's name appeared in the Brier record. The last time was in 1936 when Billy and his men finished second in the final standing to Ken Watson's

Strathconas. But he's been "knocking at the door" for another chance ever since, having lost to Howard Palmer, Calgary, in the 1939 Alberta final and again in 1941 to the same Calgary skip. This year, Billy gained a measure of revenge by beating Howard in straight games. He has been recognized for many years as one of Northern Alberta's leading skips and the stories of his many battles with Cliff Manahan are legendary. Rose was born at Minot, North Dakota, April 11, 1904 and started curling at Sedgewick in 1923. He has a fine collection of silverware to show for his efforts in Alberta bonspiels. Interested in all branches of sport, Billy is employed by the Searle Grain Company and Imperial Oil Company.

"BART" SWELIN (Third)

Bartley M. Swelin is a native Albertan. He was born at Hughenden, September 8, 1907 and started curling at his home town's club in 1929. This is Bart's second attempt to gain an Alberta British Consols Shield. Last year, while curling with his skip, they reached the Northern Alberta finals but were eliminated by Cliff Manahan, who later went on to win provincial honors. Swelin has won a number of competitions in his two years at Sedgewick. Baseball, hockey and golf are his other favorite sports. When not curling, Bart is a garage manager.

"GOOSE" SMITH (Second)

Austin R. Smith is a Sedgewick native son. He was born there on February 21, 1917. He's been curling with Billy Rose for four years and last year was in the Northern Alberta British Consols final but failed to make the grade. He has shared with his skip in many triumphs at Edmonton and Northern Alberta Bonspiels. His other sport interests are hockey, golf and baseball. He finds butter making doesn't interfere with his curling.

GEORGE CROOKS (Lead)

George Crooks is old Ontario's representative on the Alberta rink. He was born at Brussels, Ont., in September, 1895, but has done all his curling at the Sedgewick Curling Club, which he joined in 1924. George has been with Bill Rose since 1928 and shared his skip's Alberta Consols' losses in 1939 and 1941. He served overseas in the First Great War from 1916 to 1919 and in his college days played football. When Rose's curlers run into too many headaches, they call on George. He has the answer. He operates a Sedgewick drug store.

BRITISH COLUMBIA
(Vancouver Curling Club, Vancouver)

"BUSTER" AVERY (Skip)

This is Francis Wilfred Avery's fourth appearance in the Dominion playdowns. In 1937 and again in 1939 he was third man for "Rolly" David, the Vancouver veteran, who made it such a close race in 1939. In 1942, he played third for "Donnie" Campbell's Vancouver Curling Club entry at Quebec when it finished in a tie for second place with Gordon Campbell's Hamilton, Ont., four. Born in Austin, Manitoba, February 25, 1902, he started curling in the home town rink in 1914. In 1935, three years after joining the Vancouver Club, he was with the David rink, which won the British Consols Trophy in British Columbia, the first year it was in play and before the winner automatically became the British Columbia entry in the Macdonald's Brier competition. After 1935, "Buster" won the B.C. British Consols in 1937, 1939, 1942 and 1943. Between the Austin days and his arrival at the West Coast, he was a member of the Fort Garry and Granite Curling Clubs in Winnipeg and the Calgary Victoria Club. Known as a keen baseball fan for many years, "Buster" switched his allegiance to lawn bowling. Gardening is one of his hobbies. He is manager of the B.C. Carbon and Ribbon Company.

"BRIG" BROWN (Third)

Robert Thomas Brown was born at Hilton, Manitoba, November 5, 1903 and started his curling career at Dauphin in 1906. Winner of trophies in bonspiels at Elm Hon, Dauphin and The Pas, he joined the Vancouver Curling Club in 1945 and lined up with the Avery rink this season. While curling in Manitoba, "Brig" tried twice with Dauphin rinks to win the Manitoba British Consols but was eliminated in the sixteens. While at Dauphin, he played baseball and hockey. He enlisted with the Queen's Own Cameron of Winnipeg on January 18, 1940. He's a train clerk for the Canadian National Railways.

"BOB" HENDERSON (Second)

Robert Pritchard Henderson is making his second appearance in the Dominion playdowns. He played second for Donnie Campbell in the 1942 Brier at Quebec and has been curling with Frank Avery since 1941. Born at Winnipeg, May 22, 1911, he joined the Strathcona Club in 1930 and in 1936 was on the Strathcona rink which captured the Birks Trophy in the Winnipeg bonspiel. Bob joined the Vancouver Curling Club in 1941. Bob played both baseball and hockey in Winnipeg and has taken up golf at Vancouver. Photography is his hobby. He is a civil engineer with the Dominion Government.

"NED" WIGINTON (Lead)

Edward Bell Wiginton is the fourth Manitoban on the British Columbia rink. He was born at Winnipeg, June 3, 1908 and started curling at the Winnipeg Elmwood Curling Club in 1923. Before taking up curling, "Ned" was prominent in Winnipeg athletic circles having played with St. John's College when it won the Manitoba junior rugby title in 1926-7-8. In 1926-7, he was a member of the Elmwood Millionaires when they won the Manitoba junior hockey championship. This is his second attempt to compete in the Dominion playdowns. In 1938, while at Edmonton, he curled with Fred Kemp's Edmonton rink in the Northern Alberta Consols. After successes in Winnipeg and Edmonton bonspiels and in lesser known 'spiels, he joined the Vancouver curling club in 1943 and has been with Frank Avery for three years. Golf and lawn bowling are his other favorite sports. Ned is employed in the Passenger Traffic Department of the Canadian National Railways.

TRUSTEES MACDONALD'S BRIER TANKARD

HON. JOHN T. HAIG, K.C.

THOMAS H. RENNIE
Chairman

HON. THANE A. CAMPBELL

BIOGRAPHICAL SKETCHES OF TRUSTEES

MR. THOMAS RENNIE—Chairman

It is just about 73 years ago this winter that Tom Rennie carefully gauged the ice and let go his first curling shot—and he is still going strong.

He was only five years old when he took part in that first curling competition—a backyard bonspiel of the kind that has produced many of the best curlers in Canada today. And it was the opening shot in a career that has carried the name of Thomas Rennie to the fore wherever curling, golf and lawn bowling are played.

He has been Chairman of the Board of Trustees of Macdonald's Brier Tankard ever since its inception in 1927, indicative of the important place he holds in the curling world. But let's start back at the beginning.

Tom Rennie was born December 14, 1868, in Markham, Ontario, the son of William and Sarah (Glendenning) Rennie. He went to school in Toronto, and, in 1881, first started curling seriously with the old Toronto Caledonia Club.

Five years later his name—along with that of his father and four curling Rennie sons—was listed for the first time in the Ontario Curling Association Annual.

In 1906, he made his first trip to the Winnipeg Bonspiel, finishing fifth in the Grand Aggregate with an all-Rennie rink. Two years later he was back along with his father, brother Robert and A. B. Nichols. In 1912, he again invaded Winnipeg, this time in company with his brother John, Mr. Nichols and C. O. Knowles. That rink had won the Ontario Curling Tankard that year, as well as the Canada Life Trophy for the Toronto championship.

Altogether, he won the Ontario Tankard eight times—more than anyone else before or since in the event's history. He was runner-up three times. Ten times he played on the rink that won the Toronto single rink curling championship, and six times he was with runner-up rinks.

After winning the Walker Vase, predecessor of the Canada Life Trophy, five times in the first five years the Vase was up for competition, he was given permanent possession of the trophy. It is one of his most cherished possessions.

In addition to his chairmanship of the Brier trustees, he is president of the Toronto Granite Club; a past president of the Ontario Curling Association; an honorary life member of the Canadian branch of the Royal Caledonia Curling Club; and a vice-president of the Royal Caledonia Club of Scotland.

In lawn bowling and golf his career has been equally prominent. He captained the victorious Canadian lawn bowling team which toured England, Scotland and Wales in 1913 and has been active in the sport ever since.

He played his first golf at the Toronto Rosedale Club and in 1923 joined the Canadian Seniors Golf Association, of which he has

been vice-president. He was appointed a Governor in 1934, a position he still holds. He plays golf better than most officials, too. In 1930 and 1933, he won the 36-hole competition for the Muskoka Lakes golf championship—with scores of 75, 79 in 1930 and 76, 79 in 1933.

In 1894, he married Annie M. Wilson. He has one daughter.

In business, he is well known as president of the William Rennie Seeds Limited, a firm he entered immediately after leaving school. He became head of the firm soon after his father's retirement. The firm has branches in Montreal and Vancouver. He is also chairman of the Toronto Harbor Commission.

SENATOR JOHN T. HAIG, K.C.

It was on a one-sheet rink adjoining a skating rink in Alexander, Manitoba, that 17-year-old Jack Haig did his first curling—back in 1894. From that small beginning, he has become one of the most important men in Canadian curling, as well as a leading figure in business and political life.

He came by his curling honestly—from his parents. He was born at Colborne, Ontario, December 15, 1877, son of Joseph and Elizabeth (Broatch) Haig and the original encouragement his father gave him to become interested in curling is still with him.

Jack Haig went through part of his schooling in Alexander and then attended Brandon Collegiate and finally to the University of Manitoba. There he was one of the organizers and charter members of the University of Manitoba Curling Club, which still functions.

The old Granite Club in Winnipeg was his curling home from 1897 to 1904 but in the fall of 1908, he and the late Walter Payne, news editor of the Winnipeg Free Press, were the main cogs in organizing the Strathcona Curling Club. Jack Haig was its president for three years starting in 1910. In 1913-14, he was president of the Manitoba Curling Association and in 1913 led a special train of 23 Manitoba rinks to invade the Minneapolis bonspiel.

In 1907, he married Josephine M. Dickie. A political life which started with membership on the Winnipeg School Board (for 14 years) began to expand. He was elected first to the Manitoba Legislature in 1914 and was a member again from 1920 to 1935 when he was appointed to the Canadian Senate.

He is a lawyer by profession, but has a wide variety of business interests including the presidency of the Security Construction Company, Ltd.; vice-presidencies of the Financial Corporation Limited and the University Life Assurance and Annuity Company; plus a directorship of the Western Life Assurance Company, Hamilton, Ontario.

In addition to his curling interests, Senator Haig has been a prominent figure in lawn bowling for years.

He was one of the founders and first president of the Dominion Curling Association and since the inauguration of the Macdonald's Brier Tankard, he has been a trustee. His special domain is the four Western Provinces.

HON. THANE A. CAMPBELL, K.C.

Youngest and newest of the Brier Trustees is Thane A. Campbell, distinguished Maritimes lawyer, jurist and statesman of Charlottetown, P.E.I., who was appointed to the Board of Trustees on the death of Peter D. Lyall.

Mr. Chief Justice Campbell is only 50 now but already has held all of the most important posts in his home Province—and in his meteoric political career he found time to become and remain a good curler, one of the most constant contestants in Prince Edward Island curling competition.

He was born at Summerside, P.E.I., July 7, 1895, and was educated at Summerside High School and at Prince of Wales College in Charlottetown before enrolling in Dalhousie University at Halifax. There his qualities of character and sportsmanship won him a Rhodes Scholarship, so he completed his education at Oxford where tennis and cricket were his best sports.

He first began the study of law at Summerside in 1922, after service in the First Great War with the 9th Siege Battery, Saint John, N.B. He was admitted to the bar five years later. He was attorney general of the Province during the years 1930 and 1931, but was defeated in a by-election. He was elected to the Legislative Assembly in 1931 as Liberal member, and sat on the Opposition benches from 1931 to 1935. In 1935, he was re-elected and given the portfolio of Attorney-General, which Cabinet post he held until 1943. In 1936, he became Premier of his native Province, and was for three years the leader of a Legislative Assembly having the unique situation of having 36 members on the Government's side and a blank Opposition on the other.

During his Premiership, the Island Government constructed an additional 165 miles of hard-surfaced highways; established a National Park; promoted the tourist industry; and completely revised the Province's Statutes.

In 1943, he resigned from politics to accept the appointment as Chief Justice of the P.E.I. Supreme Court.

He became interested in curling in 1928 and joined the Summerside Curling Club that year and seven years later joined the Charlottetown Club. In 1942, he was runner-up in the Prince Edward Island British Consols and for the last three years has skipped rinks in that competition. He is a past president of the P.E.I. Curling Association and was President of the Dominion Curling Association in 1942. He has also had the honor of being a vice-president of the Royal Caledonia Curling Club of Scotland.

Always an interested spectator in the Macdonald's Brier Tankard Playdowns, he was a visitor at Toronto in 1936, 1938 and 1941; at Winnipeg in 1940 and at Quebec in 1942. In recent years he has been a regular attendant at the Quebec International Bonspiel and is an Honorary Life Member of that Association.

Mr. Justice Campbell was married to Cecilea Lillian Bradshaw in 1930. They have four children. In religion, he is a member of the United Church.

A hale fellow well met, he would rather be addressed as "Thane" than "Your Lordship".

BOARD OF UMPIRES

MACDONALD'S BRIER TANKARD

C. "CHARLIE" BULLEY
(1927)

THERE are about forty years of good curling behind Charlie Bulley, all of it in Toronto, where he was born, of English parents, March 4, 1874. At that, he wasted quite a bit of time before he got interested in the game, if you can call the nine years it took him to get him thoroughly established in the building and contracting business "wasting time".

His first venture into business was as a contractor at Rat Portage (now Kenora), starting in 1898, but two years later he moved back to Toronto and in 1907 did his first curling at Prospect Park. In 1912 he joined the Granite Club and at the old club site on Church Street spent some time as President.

When the Club moved to its present spot on Toronto's St. Clair Avenue, Charlie was its first Curling Convenor. That was in 1927, a year after he had captained the Ontario Curlers who formed part of the Canadian Team that visited Scotland. In 1931 he won his first big event, the Ontario Tankard. In 1932 he won the Toronto Bonspiel's Grand Aggregate, and as a result skipped a rink in the Macdonald's Brier, representing Ontario.

Charlie, who is still an active curler, is well known in Eastern Canadian business circles. From the time he organized the Standard Brick Company in Toronto in 1910, he'd been active in the brick manufacturing business. He's also a past-president of the Toronto Builders' Exchange.

In fraternal circles Charlie is a Past Master of Rehoboam Lodge No. 65, A.F. & A.M. and a member of the Scottish Rite.

ANDY HERON'S name has been connected with so many curling organizations that probably most of you know him as well as you know any curler in Canada. He started curling when what is now St. Clair Avenue in Toronto was farm land—and he lived on one of these farms.

He was born on Concession "C", Scarboro Township, on December 9th, 1874 of Scotch Presbyterian parents, Archibald Heron and Martha Henry, and worked and lived there on a large, productive farm until 1907. He first started to curl at the Maple Leaf Curling Club at Ellsmere and later joined the Aberdeen Club on Main Street in East Toronto. In 1923 he moved downtown to the Granite Club on Church Street, and he's been an active curler ever since.

A. M. "ANDY" HERON
(1934)

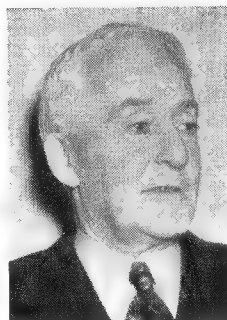

Among the important offices he's held in curling have been those of Chairman of the Ontario Bonspiel, Treasurer of the Ontario Curling Association and member of the Curling Committee at the Granite Club. He's Chairman of the Ice Committee of the Ontario Bonspiel now.

Andy also is well known in Eastern Canada for his business connections. He was President of Reo Motors Sales for twenty-one years, and now is Chairman of the Board of Directors of Ingram & Bell Ltd., manufacturers of pharmaceutical products and hospital supplies:

Like his brother umpire, Charlie Bulley, Andy is a Mason of long standing, being a member of Acacia Lodge No. 430, A.F. & A.M., Toronto, and sports the gold braid, being Past Junior Warden of the Grand Lodge of Canada in the Province of Ontario.

A MAN who has been collecting bits of merchandise at bonspiels for nearly fifty years is Ernie McMurtry. Like many another fine curler he started off as a boy in a family of good curlers—and he wasn't any higher than his "besom" when his father first commandeered his services to hold a broom at Port Perry, Ontario.

Ernie joined the Toronto Granite Club in 1894, when it was on Church Street, and six years later played second stone on a rink George H. Gooderham skipped to the Ontario Tankard. Fifteen years later he was on another Tankard-winning rink, this time playing third rock with Bert Wetherald the skip.

W. E. "ERNIE" McMURTRY
(1938)

Between those two Tankard victories Ernie got in a lot of championship curling. In 1902, with his Dad acting as skip, he was on the rink that won the prized Walker Vase, representing the curling supremacy of Toronto. In 1904 he vice-skipped a rink in the Winnipeg Bonspiel, and in 1906 had one of his biggest years—he skipped rinks to victory in both the Governor-General's and the Canada Life Trophy events.

He is the fourth secretary of the Ontario Curling Association and a Past Chairman of the Toronto Bonspiel.

And Ernie can still wield a broom with the best of them.
